Nurse Notes

Dear Parents,

Your Children Know How to Save a Life!!

The Scottsdale Fire Department came to teach our 3rd-8th graders Hands-Only CPR during their PE classes.

Hands-Only CPR is easy. If you see someone suddenly collapse, call 911 and push hard and fast in the center of the victim's chest to the disco beat of the Bee Gee's song "Stayin' Alive." Continue CPR until paramedics arrive.

Visit www.heart.org/handsonlycpr to watch a Hands-Only CPR instructional video .

Always send someone to get an AED (automated external defibrillator) if available.

Our school and church have 4 on campus. Visit

https://depts.washington.edu/learnaed/Defib_HeartStart.php to see how to use.

Watch and share with important people in your life!

Governor Ducey Has Granted May as Food Allergy Awareness Month!

Stay Tuned in May and learn how you can protect the lives of our precious students with severe food allergies.

Thank you.

Attention 8th Graders:

Time to sign up for Steubenville West:

“Steubenville is a great opportunity for teens to share their faith with other young teens without having peer pressure requiring them to act a certain way, no one is

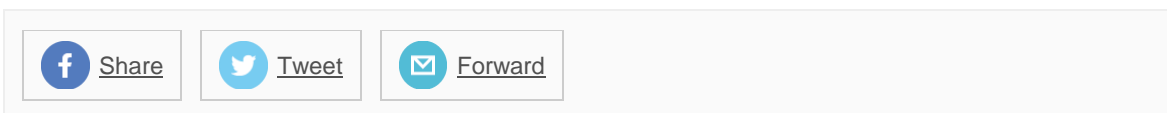

judging them. They can be crazy in an innocent way. This is a safe-zone. As a result, this allows them to step out of their comfort zone and experience Christ in a way that will surprise them. Hearing your son's first words when returning home be, "I can't wait for next year!". What more can you ask for.

Attending Steubenville has been a growing experience for Kaleo when it comes to Adoration and was one of his memorable experiences. Kaleo has also grown in his faith by attending the past 2 years. He is excited to be a life teen leader. He wants to continue to grow in his faith journey and I believe his experience at Steubenville played a part in that."

--Parent of 10th grader at Brophy College Prep.
