

Saint John XXIII School iPad Policy, Procedures, And Information 2020-2021

Saint John XXIII School iPad Program

The focus of the iPad program at Saint John XXIII School is to provide tools and resources to the 21st Century Learner. Excellence in education requires that technology is seamlessly integrated throughout the educational program. Increasing access to technology is essential for that future, and one of the learning tools of these twenty-first century students is the iPad computer. The individual use of iPads is a way to empower students to maximize their full potential and to prepare them for high school and college.

Learning results from the continuous dynamic interaction among students, educators, parents and the extended community. Technology immersion does not diminish the vital role of the teacher. To the contrary, it transforms the teacher from a director of learning to a facilitator of learning. Effective teaching and learning with iPads integrates technology into the curriculum anytime, anyplace.

The policies, procedures and information within this document apply to all iPads used at Saint John XXIII, including any other device considered by the Administration to come under this policy. Teachers may set additional requirements for use in their classroom.

1. RECEIVING YOUR iPad & IPad CHECK-IN

1.1 Receiving Your iPad

iPads will be distributed each fall during “iPad Orientation.” Parents & students must sign and return the iPad Participation Agreement and Student Pledge documents before the iPad can be issued to their child.

1.2 iPad Check-in

iPads will be returned during final week of school so they can be checked for serviceability. If a student transfers out of Saint John XXIII during the school year, the iPad will be returned at that time.

1.3 Check-in Fines

Individual school iPads and accessories must be returned at the end of each school year. Students who graduate early, withdraw, are suspended or expelled, or terminate enrollment at Saint John XXIII for any other reason must return their individual school iPad, USB Block and USB cord on the date of termination.

If a student or parent fails to return the iPad at the end of the school year or upon termination of enrollment at St. John XXIII, that student or parent will be subject to criminal prosecution or civil liability. The student or parent will also pay the replacement cost of the iPad, USB Block and USB cord. Failure to return the iPad will result in a theft report being filed with the local Police Department.

Furthermore, the student or parent will be responsible for any damage to the iPad, case, USB Block or USB cord, consistent with the school’s iPad Protection plan and must return the computer and accessories in satisfactory condition. The student or parent will be charged a fee for any needed repairs, not to exceed the replacement cost of the iPad.

2. TAKING CARE OF YOUR iPad

Students are responsible for the general care of the iPad they have been issued by the school. iPads that are broken or fail to work properly must be taken to the IT Director for an evaluation of the equipment.

2.1 General Precautions

- The iPad is school property and all users will follow this policy and the Saint John XXIII Acceptable Use Policy for technology.
- Only use a clean, soft cloth to clean the screen or screen cover, no cleansers of any type.
- Cords and cables must be inserted carefully into the iPad to prevent damage.
- iPads must remain free of any writing, drawing, stickers, or labels that are not the property of Saint John XXIII.
- iPads must never be left unattended by the student (ex. lockers, cars, or any unsupervised area).
- iPads must never be left in lockers.
- Students are responsible for keeping their iPad's battery charged for school each day.
- Students may not use "skins" to "personalize" their iPads.
- Students should not fidget with the case stand as they can easily be broken.

2.2 Carrying iPads

The protective cases provided with iPads have sufficient padding to protect the iPad from normal treatment and provide a suitable means for carrying the device within the school. The guidelines below should be followed:

- iPads should always be within the protective case when carried.
- Care should be taken to not place the iPad in a full backpack and when placed in a backpack, care should be made not to throw the backpack.
- The iPad should not be removed from the protective case except by the school's IT Director.
- Do not store or transport the iPad in a backpack with a water bottle.

2.3 Screen Care

The iPad screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on the top of the iPad.
- Do not place anything near the iPad that could put pressure on the screen.
- Do not place anything in the carrying case that will press against the cover.
- Clean the screen with a soft, dry cloth or anti-static cloth.
- Do not "bump" the iPad against lockers, walls, car doors, floors, etc. as it will eventually break the screen

3. USING YOUR iPad AT SCHOOL

iPads are intended for use at school each day. In addition to teacher expectations for iPad use, school messages, announcements, calendars and schedules may be accessed using the iPad computer. Students must be responsible to bring their iPad to all classes, unless specifically instructed not to do so by their teacher.

3.1 iPads Left at Home

If students leave their iPad at home, they are responsible for getting the course work completed as if they had their iPad present. If a student repeatedly (3 or more times as determined by any staff member) leaves their iPad at home, it may adversely affect their grades for the term.

3.2 iPad Undergoing Repair

Loaner iPads may be issued to students when they leave their iPads for repair. There may be a delay in getting an iPad should the school not have enough to loan.

3.3 Charging Your iPad's Battery

iPads must be brought to school each day in a **fully charged** condition. Students need to charge their iPads each evening. This may take up to 5 hours to fully charge the iPad. Repeat violations (minimum of 3 days-not consecutively) of this policy may result in adversely affecting the students grade for the term.

In cases where use of the iPad has caused batteries to become discharged, students may be able to connect their iPads to a power outlet in class.

3.4 Screensavers/Background photos

- A standard screen saver or background will be preset on the iPad and may not be changed by the student.
- Passwords are not to be used to lock iPad.

- Personal headphones may be used when directed by the teacher.
- Internet games are not allowed on the iPads.

4. MANAGING YOUR FILES & SAVING YOUR WORK

4.1 Saving to the iPad/Home Directory

Students may save work to the home directory on the iPad. It is recommended students use Google Drive or e-mail documents to themselves for storage. Storage space will be available on the iPad—BUT it will NOT be backed up in case of re-imaging. It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. iPad malfunctions are not an acceptable excuse for not submitting work.

4.2 Network Connectivity

Saint John XXIII makes no guarantee that their network will be up and running 100% of the time. In the rare case that the network is down, the school will not be responsible for lost or missing data.

5. SOFTWARE ON IPADS

The privilege of using the technology resources provided by Saint John XXIII is not transferable or extendible by students to people or groups outside the school and terminates when a student is no longer enrolled in Saint John XXIII. This policy is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources. If a person violates any of the User Terms and Conditions named in this policy, privileges may be terminated, access to the school technology resources may be denied, and the appropriate disciplinary action shall be applied.
